To work in a challenging and creative environment with dedicated people in order to explore myself and to showcase my skills. This will provide me with an opportunity to perform to the best of my abilities. I aspire to learn, grow, contribute and become an integral part of the organization for the betterment of the firm and myself.

EXPERIENCE

FEBRUARY 2016 – DECEMBER 2016

SOFTWARE ENGINEER, TATA CONSULTANCY SERVICES

- I was part of the Walgreens Project. I was working as a Java Developer working in a team responsible for maintaining and adding any new features to the existing Walgreens website.

JUNE 2017 – PRESENT

LARAVEL BACKEND DEVELOPER, HEALTH HEAL

- I am presently working as a Backend developer working on the development part of the Health Heal website: a website which the Health Care Service Providers are currently using to store information regarding patients and the services availed by those patients.

- I have worked on the following functionalities

1. LOG FUNCTIONALITY

- ANY TIME THE USER PERFORMS A TASK ON THE WEBSITE (LOGIN, LOGOUT, ADDING A NEW DATA, MODIFYING ANY DATA, A LOG IS VISIBLE TO THE ADMIN GIVING INFORMATION ABOUT "WHO IS DOING WHAT" IN A TABULAR FORM.

2. DOWNLOAD AS CSV AND PDF

- GIVE THE USER THE PRIVILEGE TO DOWNLOAD THE DATA ACCESSIBLE TO THEM IN THE FORM OF A PDF OR A CSV(EXCEL) SHEET.

3. SMS THROUGH API AND MAIL

- SENDING AN SMS AND/OR MAIL TO THE CUSTOMER AND/OR CONCERNED USER ANY TIME A NEW DATA IS ENTERED OR MODIFIED (DEPENDING ON A PARTICULAR STATE OF THE APPLICATION).

4. FORGOT PASSWORD AND CHANGE PASSWORD

- ANY TIME THE USER FORGETS HIS/HER PASSWORD BEFORE LOGIN AND /OR AFTER LOGIN GIVING THEM THE PRIVILEGE TO CHANGE THE PASSWORD THROUGH EMAIL OR AFTER LOGGING INTO THE APPLICATION

5. SEARCH FUNCTIONALITY ALONG WITH FILTERS

- GIVE THE USER THE PRIVILEGE TO SEARCH SPECIFIC DATA AND OPEN THE DETAILS ON THE BASIS THAT SEARCH

OTHER SKILLS

- Good communication and presentation skills
- Enthusiastic and capable of spotting a problem, drilling through the endless factors and details that encompass an issue and possess the ability to find to the best of my abilities a viable solution
- In my free time I watch movies, read novels and comics, go for a morning jog.

PROJECT

- I am currently working on a personal project (Yoga Tracker).
- This application will allow trainees and trainers to register and login into the application.
- The trainees will be able to log hours for yoga sessions and will be provided the number of hours they have logged in a week / month and or year.
- Every trainee will be assigned to a trainer. He/she shall be able to track the trainee activity.
